APPLICATION NUMBER: PL95-0223 (OST 95-012)
APPLICANT: JIM FINZEL
ADDRESS: 2686 OUTLOOK LANE
SEDRO-WOOLLEY, WA 98284

PROJECT LOCATION: The subject property is located at 2686 Outlook Lane, Sedro-Woolley, Washington, Tract 7 of Noretap General Partnership Survey, a portion of the NE 1/4 of the NE 1/4 in Section 14, Township 35 North, Range 5 East, W.M., Skagit County, Washington lying north of State Highway 20.

PROJECT DESCRIPTION: Open Space Timber request to allow the inclusion of approximately 19 acres in the Timber Open Space Program.

ASSESSOR'S ACCOUNT NUMBER: 350514-0-024-0109
PARCEL ID NUMBER: P39063

STAFF FINDINGS:

1. The following items are submitted as exhibits:
 1. Application dated December 11, 1995
 2. Assessor's Map (reduced)
 3. Timber Management Plan prepared by Anderson Forestry Consultants, Inc. dated December 5, 1995
 4. Photos
2. The subject property is zoned Rural and the North Central Comprehensive Plan designates the area as Agriculture and Industrial.
3. The public hearing has been advertised in accordance with the requirements of Chapter 14.04.240 (13) of the Skagit County Code.
4. The subject property is located out of any designated flood hazard areas.

5. The application has been reviewed in accordance with the State Environmental Act Guidelines WAC 197-11-800 (6)(c) and has been found to be exempt.
6. Per RCW 84.34.020 (3) a minimum of 5 acres of "Timber land" is necessary to be included in the Open Space Program. The subject property is approximately 20 acres. The applicant has indicated and a site vite confirms there is an existing residence on the property located on one acre at the northern portion of the tract. The applicant has provided the legal description for the 1 acre that will not be included in the Timber Open Space Program.
7. The applicant has submitted a Timber Management Plan prepared by Anderson Forestry Consultants, Inc., dated December 5, 1995 for the subject property.
8. The following are staff comments in regard to the Timber Open Space criteria as outlined in RCW 84.34.041 as they apply to this request: The Timber Management Plan is in compliance with this section. The applicant has attached a legal description and Assessor's map for the site. The Finzels purchased the property in 1991. The property had been harvested when they purchased the tract and they have reforested the property by planting approximately 300 Douglas Fir seedlings per acre. These seedlings have had the competing vegetation controlled and have been fertilized. The parcel is in compliance with the reforestation requirements of the State Forest Practices Act. The owner has and will continue to pay all forest fire assessments. The goal of the owner is to retain the integrity of the property by maintaining a stand of trees. This will provide for wildlife habitat, watershed management and recreational activities. By signing the application form, the applicant is fully aware of the potential tax liability involved when the land ceases to be classified as timber land.

RECOMMENDATION:

Based on the above findings the Planning and Permit Center would recommend approval of the request for inclusion into the Open Space Timber program with the following condition:

1. The applicant shall comply with the Timber management plan as submitted.
